In attendance were members: Lana Lynch, Sara Mendoza, Janelle Bauer, Judy Fuentes, Robert Bean, Ryan Thompson and Dr. Colleen Robertson.

Adoption of Agenda was approved by Sara Mendoza and 2nd by Janelle Bauer.

Minutes from May 8th 2013 meeting were approved by Robert Bean and 2nd by Sara Mendoza.

No Public Comments.

Dr. Robertson informed the Committee that Gaylaird Christopher spoke with The Gas Company at a meeting in San Bernardino. The Gas Company will be doing a hydro test on line 404. Which will happen between June 12-July 22. They will also run a Smart Pig which is a submersible submarine to take pictures on the 22 inch pipe in 2014. Dr. Robertson asked The Gas Company for methane detectors but they said it depends if we are staying at the current location. The Committee asked Dr. Robertson if she knew where were some possible sites for the new school.

1. Location by the new Camarillo High School. Too far from Somis.
2. Behind the Fire Department. Not enough land.
3. Land end of West Street. It has 10 acres and is the best location. Board is looking at this property.

Dr. Robertson stated that with the 9 million Bond and the 4 ½ million from the State along with possible money from seismic retrofit, we could build a great new school.

On Thursday, June 20th at 6:00 p.m. in the cafeteria there will be a Community Meeting. There will be a presentation to the community.

Discussion for next meeting will be to overview June 20th Community meeting.

Next meeting date will be July 10, 2013 at 6:00 p.m.

Meeting adjourned at 7:25 p.m. by President Lana Lynch. Called by Sara Mendoza and 2nd by Ryan Thompson.
