About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2011-12 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (805) 386-5711.

School Description

The Somis Union School District was established in 1895 and moved to its present location in 1924. It is situated on over eight acres in the heart of the beautiful community of Somis which is located in Ventura County. The district currently operates one elementary school consisting of kindergarten through eighth grade and a home school which also serves grades kindergarten through eight. The district also sponsors Somis Academy Charter School, a dependent, non-classroom based program serving grades kindergarten through twelve. Somis School has been serving the educational needs of the community for over one hundred years and believes that the combination of small school environment, high academic expectations, skilled and dedicated staff, and family involvement provides a unique place for children to thrive. Indeed, our mission at Somis School is to provide a world class education that challenges our students to use their minds to the fullest potential, and to be responsible stewards of the 21st century. From after-school athletics to community meetings, there are many groups that gather at our school and make up our school community. Opportunities for participation in the school and District are announced through the year in the monthly school newsletter, classroom newsletters, the automated telephone system and communications from the Superintendent.

Opportunities for Parental Involvement

Somis School encourages parents to be active in their child's education. There are many ways for parents to become involved as active partners at Somis School. Some opportunities to participate include:

- a) Parent Faculty Organization (PFO)
- b) School Site Council (SSC)
- c) Somis Education Foundation (SEF)
- d) Classroom volunteer
- e) Field trip chaperones
- f) English Learners Advisory Committee (ELAC)
- g) Room Mothers/Fathers
- h) Fundraising events

For information on how to become involved, contact Colleen Robertson, Ed.D, Principal/Superintendent, at (805) 386-5711.

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The School Safety Plan was last revised and updated in the 2008-09 school year. Each year the site principal reviews it. Any new guidelines or mandates are incorporated and staffing changes corrected. This plan is meant to be a working five-year plan and will be up for complete revision in the fall of 2013. Emergency evacuation drills are carried out at least monthly. The School Safety Plan is reviewed with staff at the beginning of each year.

The School Safety Plan was last reviewed, updated, and discussed with the school faculty in December 2010.

School Facility Conditions and Planned Improvements (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: 08/9/2012

Somis School has successfully blended historical architecture with modern school building design. Established in 1895 and moved to its present location in 1924 the school and buildings have seen many changes. Alumni often visit to marvel at the school plant and reminisce. Each classroom is equipped with at least four computers that are networked to the District server and satellite system. The school library and computer lab can accommodate entire classes and are used by students throughout the school day and integrated into the after school program. Nutritious hot lunches are served daily. All facilities are kept, clean, safe and accessible to users.

Somis Elementary School is a closed campus. Students are supervised on the school grounds one half hour prior to the beginning of the school day. During the day the school staff patrol the campus and maintain the grounds in a safe condition. Unsafe conditions are immediately reported to the maintenance staff who follow up with the report. All visitors must sign in and obtain and wear a visitor's badge while on campus. After school students are supervised by a campus supervisor until the bus leaves. Students also attend the on-site ASES program.

The school is cleaned on a daily basis by the maintenance staff of three. This staff also maintains the grounds.

During the winter, spring and summer breaks the maintenance staff undertakes the periodic cleaning of carpets, windows, walls and large landscaping projects. They are also responsible for the day-to-day repairs to ensure the safety of our school community.

Interior Lighting Retrofit Project completed 9/09. Funding was provided through the California Energy Commission, which will be repaid through energy rebates and reduction in costs.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2012-13 school year, the District budgeted \$42,400 for the Deferred Maintenance Program. This represents 1.65% of the District's general fund budget.

School Facility Good Repair Status (School Year 2012-13)

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

Staff development currently focuses on the implementation of the Common Core Standards. All school staff is being trained on Data Director, technology based applications for student assessment and management of achievement data. Staff is also collaborating on strategies for improvement of curriculum/ instruction through onsite training with outside experts and teacher leaders. For the previous three school years, three days have been dedicated to staff and professional development.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Types of Services Funded (Fiscal Year 2011-12)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

In hard economic times, it is imperative for schools to spend wisely. Somis School supports many programs and services in addition to the general educational program. Some of these are:

1. Enrichment Class
2. Instrumental Music Program (Grades K-8)
3. Speech and language specialist
4. Resource Program
5. A physical education specialist
6. Library with support programs
7. Accelerated Reading Program
8. School psychologist
9. After School Education & Enrichment Program
10. Occupational therapist services
11. Computer lab
12. Success-Maker
13. Waterford Early Reading

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012-13)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instructional materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: 10/9/2011

All textbooks are from State adoptions and are consistent with the content of curriculum frameworks adopted by the State Board of Education. Due to budget constraints, the California Department of Education has approved the continued use of the currently adopted Reading/Language Arts materials in grades K-8.

The district has affirmed that each student, including English Learners, has their own textbook to use in class and take home.

Textbooks and Instructional Materials

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

California Physical Fitness Test Results

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at www.cde.ca.gov/ta/tg/pf/.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
